

TALKED ABOUT IN WESTERLY

Train Late Because of Accident at New London—Schools Urged to Observe G. A. R. Flag Day—Fifth Company to Participate in Governor's Review—Knights of Columbus at Stonington Anniversary.

With the exception of ex-President Dunham of Westerly, William A. Brown, of Wakefield, is the only fireman of the southern part of the state who has been honored with the presidency of the Rhode Island State Firemen's league. Mr. Brown was elected at the annual meeting held last week and already the firemen of this section are planning to secure the annual Labor day muster in some available place in this part of the state. Mr. Brown is an old fire-fighter and has been identified with fire companies since he was 13 years of age. He was born in New London in 1833 and first became a member of Niagara Engine company, No. 1, of that city, of which his brother, Charles R. Brown, was elected foreman for the twelfth consecutive term last Wednesday evening. He moved to Westerly and became a member of B. F. Horie Engine company. Nearly twenty-five years ago he went to Wakefield and was one of the leaders in organizing the department in that village in December, 1888. He is one of the fire wardens and was foreman of the department six years and president for three years.

Gilbert Wilson, of Providence, was elected junior vice-commander of the Grand Army of the Republic, department of Rhode Island, at a meeting of the council of administration held Saturday afternoon. He is a member of Prescott post and well known by comrades throughout the state. Mr. Wilson takes the place made vacant by the death of Patrick Egan, former superintendent of police of the city of Providence.

The schools of Westerly have received the annual program of patriotic exercises in observance of Grand Army Flag day, which is observed in Rhode Island and is consolidated with Lincoln's birthday, February 12. To each of the schools in Westerly a member of the Grand Army of the Republic will be detailed to take part in the exercises. Civic gratitude is indicated by the generosity of the state government and the state in contributing to the veterans by providing homes for their comfort, is the theme of the publication, which is illustrated with views of the Soldiers' home at Bristol. The inside cover contains a picture of Abraham Lincoln. The program contains 22 pages of verse and song in keeping with the event to be honored. Walter E. Danger, commissioner of schools, under whose direction the program was prepared, in his message to the boys and girls says:

"You are asked to keep Flag day that you may know and love the things that the flag may teach you. You are invited to commemorate the deeds of patriots that into your hearts may come an eager wish to serve your country. You are called to observe the birthday of Abraham Lincoln in honor of his noble life, that you may grow into his likeness in obedience to duty, patience in toil and kindness to others. To remember kindly the habits of home, the care and sacrifice of parents, and a grateful response in obedience and service are the beginnings of loyalty to home. To accept the ad-

vantages of school faithfully and to learn and live the truths it teaches is loyalty to school. In like fashion, gratefully to acknowledge all the benefits of country, of which the flag ever speaks, is to be true to country, as to home and school is loyalty to the republic. You are not only citizens of home and school, but also citizens of town or city, of state and of nation, which is only a great civic brotherhood of our people. Home, school and state, with all their benefits, are but parts of country. One flag waves for all, guarding life, liberty and the pursuit of happiness.

"In remembrance of all we owe the flag of the Union, in grateful honor of the men who saved the Union, and in reverent thankfulness for the lives of all patriots, let civic gratitude have a high place in this year's observance. For this end, you are reminded of the grateful care of our country for its veteran soldiers, in which it is hoped you will find a beautiful lesson of patriotism.

"In our country's gratitude to those who have done something for the public good, you may learn that man's noblest deeds are done for the good of others, whether for a few friends or for the people of the nation. The flag that floats over our land forever speaks of service for the common weal and signals forth the civic ideal, that all men's good be each man's rule. The boy or girl who obeys this law is true to home, school, country and God."

The eastbound train due to arrive in Westerly Sunday afternoon at 1:50 was twenty minutes late due to an accident caused by negligence of an employee of the New York, New Haven and Hartford railroad company and in violation of the rules of the company. The train had come to a standstill at the station in New London, when several freight cars were pushed down a parallel track by a switch engine. The passenger train extended beyond the crossover and the rear freight car crashed into the rear passenger car whose contents were members of a theatrical company bound from New York to Boston. The side of the passenger coach was crushed in such the car careened to an angle of about thirty degrees, while the freight car went on its side in the opposite direction.

The show people were naturally considerably frightened, but none was in the least injured. While one side of the passenger coach was damaged for a distance of twenty feet not a window pane was broken. The passengers were transferred to another coach and an extra car was added to the train to accommodate the Mutt and Jeff company that boarded the train at Westerly bound to Providence.

A delegation from Narragansett Council, Knights of Columbus, of Westerly, went to Stonington Sunday afternoon, to witness the conferring of the third degree upon a large class of candidates of Nina council of Stonington. The degree was worked by District Deputy M. J. Sullivan and his degree team of Seaside council, New London. State Deputy Mulligan of Thompsonville was present and participated in the ceremony. Visitors were present from all the councils in this section and among them were John M. Lee and Charles O'Neill, Murphy of Norwich. The visitors were hospitably entertained by Nina council.

Judge Darius N. Baker has declared the extinction of the Six Principle Baptist church of Old Warwick, and all funds of the church, including those in the hands of Daniel L. Bennett, one of the few ardent Six Principle Baptists of the state, have been ordered into the custody of the General Six Principle Baptist conference of Rhode Island.

The hearing on this matter took place a number of months ago and the title of the case was the General Six Principle Baptist conference of Rhode Island against Daniel L. Bennett. This ends the court fight between rival factions of the Warwick church, the one of whom wanted the church declared extinct and others wanted it to continue.

Local Laconics. Mutt and Jeff pleased large audiences in the Westerly Opera house Saturday afternoon and evening.

Westerly High school under the direction of Principal Willard Bacon. The Fifth company, Westerly, will participate in the review to the governor at the state armory in Providence this (Monday) evening.

John Olsson has completed the installation of shelving in the new stack room of the Westerly public library and returned to Boston Saturday afternoon.

Rev. John M. Collins, who recently became pastor of the Second Baptist church, North Stonington, has removed his household effects to the parsonage from Westerly.

While oiling a drying machine at the Bradford Lumber association plant, Joseph Lamorey's right hand got caught in the machine and the first and second fingers were severed at the second joint.

At the annual meeting of the democratic state central committee Frank E. Fitzsimmons was reelected chairman over Cress F. Gallagher by a vote of 48 to 49. Horace Swan, the member from Westerly, voted for Fitzsimmons.

COLCHESTER Norwich Installing Officer Disappoints G. A. R. Post—Sudden Death of Mrs. R. R. Carrington.

Morton A. Taintor post, No. 9, G. A. R., held a meeting Friday afternoon in Granite hall. It was expected that the installing officers from Norwich would be present and install the officers, and a lunch had been prepared, but word was received Friday morning that the deputy was unable to come and the exercises were postponed until next month. The installation was to have been a public one.

Sewing Bee, Supper and Entertainment. The Ladies' Benevolent society of the Congregational church met in the ladies' room in the chapel Friday afternoon to sew. Supper was served at 6 o'clock. At 7:45 the members of the C. Y. F. S. gave an entertainment in the audience room.

Borough Notes. J. L. Reed of New York was the guest of J. N. Dauphinee Thursday. Louis Weil of New Haven was a recent guest of Thomas F. Kinner.

Miss Bessie Randall of Lebanon was a caller at Mrs. William E. Strong's on Hayward avenue Saturday.

Mrs. Emma Stebbins was calling on friends in Middletown Friday.

OBITUARY. Mrs. S. E. Carrington died very suddenly at her home on Hayward avenue Thursday afternoon about 10 o'clock. She had been ill for about two weeks with acute indigestion. Thursday morning she seemed brighter and was in hopes of getting out again Friday. Heart failure was the cause of her sudden death. She was the

SAFETY FIRST

Of late The New York, New Haven & Hartford Railroad Company has been severely arraigned in political and press attacks. The former will be answered in due time in the courts.

I would, however, ask the indulgence of the press and the temporary cessation of its hostilities for a few weeks pending the reconstruction period through which the Company is now passing.

No railroad in the country is fully equipped with No. 20 cross-overs, but the Public Utilities Commission of Connecticut has ordered that all trains in that state shall come to a full stop before switches are thrown at anything less than No. 20 cross-overs.

This means to maintain the efficiency of our service a half million dollars to be expended in reconstruction of cross-overs, switches and signals, and the materials therefor have been ordered. Meanwhile in compliance with the order of the Commission there is a necessary slowing down, making for irregularity in the train service especially during the winter months when it is more difficult to make up with safety for the running time cut out of our schedule.

It is believed that a new time schedule pending this reconstruction period will insure greater safety. It should be put into effect, according to present plans, about February 2nd.

Reconstruction of cross-overs will follow, and in a few months the old time schedule should be restored and maintained with the greatest punctuality consistent with safety.

The New York, New Haven & Hartford Main Line should be maintained as the safest railroad in the United States. It has been largely rebuilt and its electrification inaugurated during my administration and no passenger loss has been met with by reason of this reconstruction.

I desire now that this newest reconstruction shall be had without accident and therefore ask the indulgence of the public and the press, and particularly the press, because attacks upon a railroad management during a reconstruction period have possibilities of demoralization in the personnel and working forces that directly increase the hazard of railroad travel.

Generally speaking, the hazard of railroad travel is less than that of street or other highway travel, but the responsibility in railroad travel is more directly upon the authorities who are held in full measure of responsibility for every accident whether or not such may be due to causes absolutely beyond their control.

At the present time the travelling public and the press can assist in increasing the safety of travel by rail on our lines by suspending criticism and judgment concerning delayed trains for a few weeks.

CHARLES S. MELLEN

President

NEW HAVEN, January 11, 1913.

CHILD'S HANDS
CRACKED AND BLED

Poisoned by Brown Tail Moth. From Wrists Down Sore and Red. Scratched Until They Were Almost Raw. Cuticura Soap and Ointment Completely Cured Her.

9 Fennec Place, Brockton, Mass. — "My girl was poisoned by the brown-tail moth when she was five years of age. Her hands from her wrists down were sore, red and bleeding. She scratched them until they were almost raw. She suffered enough when they cracked and bled. Her hands and wrists looked so bad I was discouraged to take her out in company. I kept her from sleeping well. I tried—

Ointment, and also a treatment with no avail. I was so discouraged I said 'I will see what the Cuticura Soap and Ointment will do.' I started to use them. I was obliged to keep her hands and wrists done up day and night in linen cloth saturated with the Cuticura Ointment, but always before it was applied I washed them in hot water and Cuticura Soap. The itching soothed her wonderfully. When I took the cloth from her hands in the morning the dry skin would all peel off. Cuticura Soap and Ointment completely cured her. It has never returned." (Signed) Mrs. L. H. Allen, Feb. 10, 1912.

Cuticura Soap and Ointment do so much for poor complexioned, red, rough hands, and dry, thin and falling hair, and cost so little that it is almost criminal not to use them. Cuticura Soap (25c.) and Cuticura Ointment (50c.) are sold throughout the world. Liberal sample of each mailed free, with 32-page book on the skin and scalp. Address Post-card "Cuticura, Dept. T, Boston."

32 Tender-faced men should use Cuticura Soap Shaving Stick, 25c. Sample free.

PLUMBING AND STEAM FITTING

Sanitary Plumbing

A peep into an up-to-date bathroom is only less refreshing than the bath itself. During the summer you will more look to the bath for bodily comfort. I will show you samples and plans of the porcelain and other tubs and give you estimates for the work of putting them in in the best manner from a sanitary standpoint—and guarantee the entire job.

Are You Prejudiced Against Advertising?

Most successful business men of today recognize the advertising is a necessity, and when well authenticated FACTS are set forth in a dignified manner regarding an article they know that the sensible and fair-minded public will respond in a generous way.

"THE ENGLISH HEMORRHOID TREATMENT" is the logical outcome of the practice and experience of a New York physician, covering many years of trial and experiment. So successful was he with this treatment, in his own practice and also in the practice of some of his professional friends, he established a laboratory for the wholesale preparation of this remedy, with a view of introducing it to the afflicted public.

To accomplish this purpose, paid-for advertising was necessary—as it could not be expected that publishers would exploit a business proposition without compensation—no matter how beneficial the exploited article might be to subscribers. That is why you will, in future, see advertisements of the "ENGLISH HEMORRHOID TREATMENT" in Norwich and other papers.

There is one point we desire to impress on the mind of every reader, and that is the absolute sincerity and truthfulness of every statement made by us to the public, by means of advertising. We believe the "ENGLISH HEMORRHOID TREATMENT" is sane and practical, that it will soon be used in hospitals throughout the country, and will be prescribed by many good physicians and used in their practice.

The "ENGLISH HEMORRHOID TREATMENT" is for sale at 11 drug stores in Norwich alone, besides by over 50 druggists in nearby towns and cities.

Every druggist has a supply of booklets on his counter for free distribution. The booklet is a very well written treatise on hemorrhoids.

If interested, send to your nearest druggist for a booklet, or write direct to the English Pharmaceutical Laboratories, Inc., 1521 Broadway, New York, and they will send you one. If you are a sufferer it will interest you and perhaps you may later find that it is "worth its weight in gold" to you. ASK YOUR DRUGGIST!

Girls! You Must Try This!
Hair Will Look Beautiful

All You Need is a 25 Cent Bottle of "Danderine"—Hair Gets Lustrous, Fluffy and Abundant at Once.

Immediate? Yes! Certain?—that's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appealing as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil and in just a few moments you have doubled the beauty of your hair.

A delightful surprise awaits, particularly those who have been careless,

whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair Danderine dissolves every particle of dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few weeks' use of Danderine, when you will actually see new hair—fine and downy at first—yes, but really new hair growing all over the scalp. If you care for pretty, soft hair, and lots of it, surely get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter and just try it.

At children's teatime, four o'clock, Along comes Hans with knock, knock, knock! He gives a smile and merry wink, He knows what children like to drink. "Let Grown-ups have their cup of tea; But for the children let it be RONA," says Hans, "for I've observed The children's joy when RONA'S served."

Advice to Mothers

Have you had baby's photograph taken? It's an art to take baby's photograph as it should be taken. To catch his roguish little smile, his pretty little dimple. Such photographs become prized remembrances of babyhood's days in years to come. We have had years of experience in photographing children. They always look their best when we take them. No troublesome posing. Snap them in a jiffy.
